Buchu (Barosma betulina)	9 ml *
Juniperus communis	3 ml *

* Daily Value not established

Other ingredients: Kosher Vegetable Glycerine & Water

Did You Know? Each and every day, the kidneys filter nearly 200 liters of fluid from the bloodstream, thus allowing toxins, metabolic wastes and excess ions to be excreted while simultaneously reabsorbing crucially needed metabolic by-products.

Supports healthy kidney function*

Transformation's K-Drain is a concentrated, rapidly-assimilated herbal extract product that supports the kidneys. Doctors are using K-Drain for:

- **Kidney health**
- **Fluid retention, edema and swelling**

The kidneys are often taken for granted until they malfunction, which can lead to a build-up of metabolic waste that can quickly poison all of the surrounding tissue. The herbal extracts Asparagus, Juniper, Buchu and Goldenrod are combined in a glycerin base to support kidney function.

RECOMMENDED DOSAGE:

Take 20-30 drops of extract in a small amount of water between meals 3-4 times daily. Dosage may be increased according to individual needs as directed by health care practitioner.

Available in 1 ounce and 4 ounce bottles.

NO FILLERS/NON-ALLERGENIC
