<i>Bifidobacterium infantis</i>	1 billion cfu	†

† Daily Value not established

OTHER INGREDIENTS: RICE BRAN EXTRACT

**NO ADDED SUGAR OR ARTIFICIAL COLORS**

Sunfiber® AG is a registered trademark of Taiyo International.

### Improving digestion for our children!\*

Breastfeeding is the best source of nutrition for a child's healthy growth and development. Kidz Digest was created because we understand there are circumstances that prevent breastfeeding. Supplementing with digestive enzymes supports the digestion of formula and breast milk, assisting the body to maintain a healthy digestive system.\* Once food is broken down into simple nutrients, the body's cells and tissues can absorb the resources they need for energy, growth, and repair. Whether breast fed or formula fed, Kidz Digest will support healthy digestion and alleviate the symptoms of occasional gas, cramping, bloating and reduce spitting up.\*

- **Enzyme Blend.** Three kinds of enzymes work together to encourage a more complete digestion: polysaccharolytic enzymes to assist the digestion of sugars and starches, proteases with DPP-IV to assist with the digestion of proteins, and lipase to assist with the digestion of fats.\*
- **Powdered Product.** Kidz Digest Powder is a unique formula and not the same as Kidz Digest Chewables.\*
- **Safe and Effective.** Can assist with the reduction of food sensitivities that may cause occasional diarrhea, heartburn, and constipation.\*

**Health Benefits:** Transformation's Kidz Digest is a gentle formula of effective, GI stable digestive enzymes that includes prebiotics and probiotics to promote optimal digestion of nutrients.\*

### RECOMMENDED USAGE:

Mix 1/2 scoop (approximately 1/16 tsp or 266 mg) in a small amount of tepid water just prior to feeding or as directed by a health care professional. Do not add to a bottle of formula or mix in food because it will break down the food in the container making it less palatable.

REFRIGERATION RECOMMENDED  
FOR OPTIMUM ACTIVITY

Available in bottles of 47 g (1.68 oz).
