Take two (2) or more capsules with every meal with at least 8 oz. of liquid. Take one (1) to two (2) capsules with snacks. Dosage is dependent on both the types of foods eaten and the individual's digestive difficulties. Capsules may be pulled apart and mixed in a small amount of tepid water and/or mixed with the first bite of food.

Available in bottles of 120 capsules.

NO FILLERS/NON-ALLERGENIC

Supports digestion with a gentle blend of enzymes and probiotics*

Transformation's DigestZyme is a gentle formula of GI stable and functional digestive enzymes plus probiotics designed to safely and effectively digest proteins, carbohydrates and fats. Doctors are using DigestZyme for:

- Digestive wellness
- Food intolerances
- Infant colic and children's digestive issues
- Nutritional support during pregnancy and lactation
- Immune system health
- Digestive wellness for pets

The ultimate goal of digestion is getting nutrients to the cells. Supplementing with digestive enzymes is a vital part of this nutrient acquisition process. Nutrients not only feed the cell, they protect it from free radical damage. Healthy cells lead to optimal metabolism, energy and immunity. DigestZyme is the perfect introduction to digestive enzyme therapy, with the probiotics *L. Acidophilus* and *B. Longum* added to this formula for enhanced tolerance and digestive comfort. The smaller capsule is well tolerated for children as well as adults.
