Did You Know? CalmZyme used together with ExcellZyme takes care of most headaches and some migraines. Many who are exhausted actually get energy when taken together with ExcellZyme and/or GastroZyme because it provides balance.

RECOMMENDED DOSAGE:

Take one (1) to three (3) capsules as needed for stress relief. Dosage may be increased according to individual needs as directed by health care practitioner.

Available in bottles of 100 capsules.

NO FILLERS/NON-ALLERGENIC

Supports a healthy nervous system*

Transformation's CalmZyme, as the name implies, has a calming effect and slows mental "chatter." It is designed to support our sometimes stressful lifestyles. Doctors are using CalmZyme for:

- **Promoting restful sleep**
- **Stress management, nervousness, increased focus**

The health of the nervous system is crucial in maintaining all muscle movement, activation of glands, mental functioning and emotional responses. This product is the perfect non-habit forming, natural solution for supporting a healthy nervous system. In addition to hops, skull cap and wild lettuce, herbs known for their calming properties, valerian root is the main ingredient in this all-natural, vegetarian product. There are also more enzymes in the formula than just for a delivery system, which means CalmZyme is able to feed and fortify the nervous system as a whole.
