Improving digestion for our children!*

Sometimes making healthy food choices for children is easier said than done. This Zymes 4 Kidz™ formula was created as a tasty, convenient way to encourage more complete digestion and absorption of nutrients.* Supplementing with the enzymes in Kidz Digest assists with the digestion of food, allowing the body's cells and tissues to absorb the resources they need for energy, growth, and repair.* Supporting healthy digestion also assists in maintaining intestinal immune system support and reducing the symptoms of occasional indigestion, gas, and bloating.*

- **Enzyme Blends.** Three enzyme blends work together to encourage a more complete digestion: a polysaccharolytic blend to assist the digestion of sugars and starches, a protease blend with DPP-IV to assist with the digestion of proteins, and a lipase blend with 3,000 FIP of activity to assist with the digestion of fats.*
- **Easy to Administer.** Two berry-flavored tablets with each meal and/or snack will promote healthy digestion and elimination.*
- **Safe and Effective.** Can assist with the reduction of food sensitivities that may cause occasional diarrhea, heartburn, and constipation.*

Health Benefits: Transformation's Kidz Digest is a gentle formula of effective, GI stable digestive enzymes designed to promote optimal digestion of nutrients.*
