Flax Seed	30 mg †
Bifidobacterium infantis	0.16 mg †

† Daily Value not established

**THIS PRODUCT HAS NO ADDED SUGAR
 OR ARTIFICIAL COLORS**

RECOMMENDED USAGE:

Mix 1/2 scoop (app. 1/8 tsp or 331.9 mg) in a small amount of tepid water just prior to meals or with first bite of food as directed by a health care practitioner. Do not mix with entire serving of food because it will break down the food in the container making it less palatable.

Available in bottles of 41.5g (1.46 oz)

NO FILLERS/NON-ALLERGENIC

**New & Improved Formula,
 Now With DPP-IV***

To benefit from all the nutritious components of our food, a healthy digestive system is needed. Supplementing with digestive enzymes is a vital part of getting cells the nutrients they need. Once the food is broken down into simple nutrients, the body can then assimilate these for energy, growth, and repair. A powdered alternative to capsules, this formula is ideal for children, the elderly, and anyone having difficulty swallowing capsules. Powdered DigestZyme is also a wonderful digestive formula for pets.*

- **Enzyme Blends.** Three enzyme blends work together to encourage a more complete digestion: a protease blend which includes DPP-IV to assist with the digestion of proteins, a lipase blend with 3,000 FIP of activity to assist with the digestion of fats, and a polysaccharolytic blend to assist with the digestion of sugars and starches.*
- **Powdered Product.** Powdered DigestZyme is a unique formula and NOT the same as DigestZyme capsules.
- **Digestive Support.** This product provides digestive support for reduced food intolerances and relief from occasional indigestion, bloating, cramping, and gas.* For occasional diarrhea or occasional heartburn, use in combination with GastroZyme.*

Health Benefits: Transformation's Powdered DigestZyme is a gentle formula of GI stable and functional digestive enzymes designed to safely and effectively support the digestion of proteins, carbohydrates, and fats.*
