

Product Rationale: **SUPER CELLZYME**

Consider the following review of clinical research results on several important ingredients known for their ability to supply the vitamins and minerals required to feed the cells in conjunction with the enzymes needed to allow those nutrients to do their job.

A variety of vitamins, minerals, and other essential nutrients are required to feed your body at the cellular level. Lack of nutrition due to stressful lifestyle, poor eating habits, or food sensitivities can result in low energy, strength, and endurance. .

FORMULA RATIONALE

Transformation's Super CellZyme is a pure plant product with all natural phyto-nutrient complexes, not a "mega dose" of any one nutrient but rather a healthy balance of nutrients as found in nature. In addition to broccoli, carrot, and spinach, this formula includes wheat germ which is one of the most nutrient-dense food sources available, making this formula the perfect choice for supplementing healthy nutrition for the whole family.

This a "whole food" product, meaning the food sources contain various vitamin and mineral complexes within themselves. So although there is no way to determine exact milligram amounts of each, this natural food supplement contains all of the complex vitamins and minerals that are found in the following foods:

Broccoli contains Vitamins A, B1, B2, B3, B5, C, and E along with the minerals Calcium, Chromium, Cobalt, Copper, Iron, Magnesium, Manganese, Paba, Potassium, Selenium, Sodium, Molybdenum, and Zinc.

Carrot contains Vitamins A, B1, B2, B3, B5, B6, and C along with Folic Acid and the minerals Calcium, Choline, Chromium, Cobalt, Copper, Iron, Magnesium, Manganese, Molybdenum, Paba, Potassium, Sodium, and Zinc.

Spinach contains Vitamins A, B1, B2, B3, B5, B6, B12, and C along with the minerals Biotin, Calcium, Chromium, Copernicium, Copper, Germanium, Iodine, Iron, Magnesium, Manganese, Molybdenum, Paba, Potassium, Selenium, Silicon, Sodium, Sulfur, and Zinc.

Barley Grass contains Vitamins A, B1, B2, B3, B5, B6, B12, C, and E along with Folic and the minerals Biotin, Calcium, Cobalt, Iodine, Iron, Magnesium, Manganese, Paba, Potassium, Selenium, Sodium, Sulfur, and Zinc.

Green Pepper contains Vitamins A, B1, B2, B3, B5, B6, C, and E along with Folic Acid and the minerals Boron, Calcium, Chromium, Cobalt, Copper, Iron, Magnesium, Manganese, Molybdenum, Paba, Potassium, Selenium, Silicon, Sodium, and Zinc.

Garlic contains Vitamins B2 along with the minerals Calcium, Chromium, Copper, Iodine, Iron, Magnesium, Manganese, Molybdenum, Paba, Potassium, Sodium, and Zinc.

Acerola contains Vitamins A, B1, B2, B3, B6, and C along with the minerals Calcium, Magnesium, Sodium, Potassium, Paba, and Iron.

Wheat Germ contains Vitamins A, B1, B2, B3, B5, B6, B12, C, and E along with the minerals Calcium, Cobalt, Copper, Iron, Magnesium, Potassium, Paba, Sodium, and Zinc. In all, Wheat Germ contains twenty-three nutrients, with more nutrients per ounce than any other vegetable or grain. It is very high in protein and contains more potassium and iron than any other food source. Also found in great quantities are Riboflavin, Calcium, Zinc, Magnesium, and Vitamins A, B1, B3, and B12, which are very important to maintaining energy levels and healthy muscles, organs, hair, and skin.

Bamboo whole plant extract is a mechanically stable granulate that is a natural alternative to synthetic silicon dioxide. Silica is an essential mineral important for maintaining the health of bodily tissues and to create collagen, making it important for healthy skin and bones. The highly pure bamboo silica is eminently suitable as a carrier substance for active ingredients that must be incorporated into powder formulations.

The manufacturer, Ultra Chemical, Inc., declares that the Ultrapure Bamboo Exfoliator does not contain any Genetically Modified Organisms (GMO's).

Kelp contains Vitamins B1 and B2 along with the minerals Boron, Calcium, Chromium, Copper, Iodine, Iron, Magnesium, Paba, Potassium, Sodium, Manganese, and Zinc.

Chlorella Algae contains Vitamins A, B1, B2, B3, and B12 along with Folic Acid and the minerals Biotin, Calcium, Germanium, Iron, Magnesium, Manganese, and Paba.

Blue Green Algae contains Vitamins A, B1, B2, B3, B5, B6, B12, C, and E along with Folic Acid and the minerals Boron, Chloride, Chromium, Cobalt, Flourine, Germanium, Iron, Iodine, Magnesium, Molybdenum, Paba, Selenium, Silicon, Titanium, Vanadium, and Zinc.

Rose Hips contain Vitamins A, B1, B2, B3, B6, C, and E along with the minerals Boron, Calcium, Chlorine, Chromium, Cobalt, Copper, Flourine, Iron, Lithium, Magnesium, Manganese, Molybdenum, Paba, Potassium, Selenium, Silicon, Sodium, and Zinc.

Flax Seed contains Essential fatty acids.

Tzyme™ Enzyme Blend - Plant enzymes maximize digestion of nutrients, production of energy, and aid in immune support.

OTHER INGREDIENTS

This product is encapsulated in a vegetarian capsule.

COMPONENT BENEFITS

This whole food supplement has nutrients in bio-available forms for improved absorption and includes the enzymes needed to assimilate these necessary nutrients into the cell.

Each two-capsule serving of Super CellZyme is formulated to include the following.

Vitamins

Vitamin C 30 mg

Herbs

Broccoli (aerial part) 200 mg
Carrot (root) 200 mg

Spinach Leaf	200 mg
Barley Grass	100 mg
Green Pepper (fruit)	100 mg
Garlic (bulb)	100 mg
Acerola (fruit)	100 mg
Wheat Germ	60 mg
Bamboo Whole Plant extract (Standardized Min. 70% Silica 35 mg)	50 mg
Kelp	40 mg
Chlorella Algae	40 mg
Blue Green Algae	40 mg
Rose Hips (fruit) extract	39 mg
Flax Seed	20 mg

Tzyme™ Enzyme Blend	39 mg
Protease	4,600 HUT
Hemicellulase	10,000 HCU
Beta-glucanase	8.5 BGU
Phytase 4.275 FTU	
Amylase	1,380 DU
Cellulase	700 CU
Glucosylase	3 AGU
Pectinase	12 Endo-PGU
Lipase	225 FIP

Other Ingredients:

Hypromellose
Water
Rice Flour

SUMMARY

Transformation's Super CellZyme is uniquely formulated with natural whole foods, herbs, and pure plant enzymes for a healthy balance of nutrients as found in nature in bio-available form allowing those nutrients to be absorbed

CLINICAL APPLICATIONS

- Poor diet, limited diet
- Malnutrition
- Low energy
- Stressful lifestyle

RECOMMENDED USAGE

- Take two capsules daily with at least 8 oz. of water
- It makes no difference whether it is taken with or between meals

- Therapeutic dosage: take three to six capsules daily (for example, take three capsules first thing in the morning; one or two capsules three times daily with meals; etc.)
- A dairy-free and soy-free vegetarian formula containing no fillers or binders and non-constipating, Super CellZyme is ideal for individuals who would prefer not to take synthetic vitamin-mineral tablets

INDICATIONS

Malnutrition

This product is to be used with food and not as a replacement for food. Food has thermodynamic energy and enzymes have been proven to release this energy. This product is meant to assure the availability of the nutrients that the body requires. This is especially needed by people who suffer from malnutrition. If specific nutrient needs are known, then a product that provides those specific nutrients should be used

ALLERGEN INFORMATION

Kelp and blue green algae are natural aquatic products which may contain traces of fish and/or shellfish.

Contains wheat. Note: wheat “germ” does not have to do with bacteria, but refers to the complex process of germination that forms the wheat grass.

PROP 65 TEST

This product has been identified as containing naturally-occurring lead that exceeds California Proposition 65 lead levels when dosing more than one capsule per day. For more information about Proposition 65 visit the Office of Environmental Health Hazard Assessment,

and for a list of elements listed under Prop 65 visit: www.oehha.ca.gov/prop65/prop65_list/Newlist.html

SAFETY / QUALITY ASSURANCE

All Transformation™ formulas are carefully prepared to assure maximum quality and nutritional effectiveness.

MICROBIOLOGICAL EVALUATION

This product was tested and found to be NSF/ANSI compliant and absent of any traces of *E.coli*, *salmonella*, and *S.aureus*.

PRODUCT SPECIFICATIONS

Super CellZyme is available in bottles of 90 capsules. Does not contain any dairy, gluten, soy, artificial colors, flavors, or preservatives. No fillers are used in this product. Store in a cool, dry place. Keep out of reach of children.
