(HYPROMELLOSE, WATER), CALCIUM CITRATE

RECOMMENDED USAGE:

Take one (1) capsule with every meal or snack with at least 8 oz. of liquid or as directed by a health care practitioner. Contents may be removed from capsules and taken by spoon immediately after mixing with a small amount of tepid water.

Available in bottles of 60, 90, and 120 capsules.

Enzyme support for a healthy digestive system*

Healthy food choices are a great start to promoting health; however this represents just the first step. To benefit from all the nutritious components of our food, a healthy digestive system is needed. Today, dozens of factors including genetics, stressful lifestyles, poor diet, processed foods, and the environment all influence digestion. Supplementing a healthy diet and lifestyle with digestive enzymes is the next step in health. Our most comprehensive digestive enzyme formula includes highly active enzymes with a broad range of specificities needed to digest the foods most commonly found in the human diet.* Once the food is broken down into simple nutrients, the body can then assimilate these for energy, growth, and repair.*

- **Proteolytic Enzymes** support the digestion of proteins for reduced risk of food sensitivities, toxins, and free radicals.*
- **Lipolytic Enzymes** encourage more complete digestion of fats and lipids to support pancreas, liver, and gall bladder health and wellness.*
- **Polysaccharolytic Enzymes** support the digestion of carbohydrates for reduced food intolerances and relief from occasional indigestion and gas.*

Health Benefits: Transformation's Professional Protocol™ Digest is an enzyme supplement designed to help promote availability and absorption of nutrients, health and vitality of cells, and improved overall digestive and immune system health.*
