Take two (2) capsules once a day or as directed by a health care practitioner.

Available in bottles of 90 capsules.

Natural whole food supplement for the entire family*

A variety of vitamins, minerals, and other essential nutrients are required to feed your body at the cellular level. Lack of nutrition due to stressful lifestyle, poor eating habits, or food sensitivities can result in low energy, strength, and endurance. This pure plant product with all natural phyto-nutrient complexes is not a “mega dose” of any one nutrient but rather a healthy balance of nutrients as found in nature.*

- **Natural Nutrition.** This whole food supplement has nutrients in bio-available forms for improved absorption. A dairy-free vegetarian formula containing no unnecessary ingredients and non-constipating, Super CellZyme is ideal for individuals who would prefer not to take synthetic vitamin-mineral tablets.*
- **Dietary Support.** In addition to broccoli, carrot, and spinach, this formula includes wheat germ which is one of the most nutrient-dense food sources available, making this formula the perfect choice for supplementing healthy nutrition for the whole family.*
- **Enzyme Blend.** Includes the enzymes needed to assimilate these necessary nutrients into the cell.*

Health Benefits: Transformation’s Super CellZyme is uniquely formulated with natural whole foods, herbs, and pure plant enzymes for a healthy balance of nutrients as found in nature in bio-available form allowing those nutrients to be absorbed.*
